

CleanFlush

TOILET SUITE COLLECTION

Revolutionary rimless flush technology

FLOW SPLITTER
Powerful flush for whole bowl clean

FLOW CHANNELS
Controlled water flow eliminates splash back

FLOW BALANCER
Precise flush stream effectively clears the bowl

A patented Australian design that delivers the next generation of toilets. Easy to clean, water efficient and superior in hygiene

Caroma Cleanflush® is a unique rimless design that delivers the next generation of toilet innovation. Our patented flow-balancing technology is poised to become the new standard in modern toilets.

With over 75 years of experience, we are leaders in Australia and New Zealand design and innovation on the global stage. Amongst our many water conserving successes are the first Smartflush and later Dual Flush toilets. Our latest evolution of the toilet is Caroma Cleanflush®, which represents the next generation of modern toilets - easier to clean, and delivers superior hygiene.

Caroma Cleanflush® technology is available in a wide variety of designs and styles to suit any bathroom design, with the reassurance of a reduced footprint on the Australian environment.

“At Caroma, we are proud to be at the forefront of innovative Australian design and ingenuity which has delivered globally relevant water-saving solutions, such as the award-winning Cleanflush® technology.”

Dr. Steve Cummings
- Dr. Steve Cummings,
Caroma Director of Innovation

Leaders in award-winning toilet technology

Caroma's commitment to setting new standards in the bathroom continues, with Caroma Cleanflush® being awarded the prestigious Good Design Award for Best in Category, Product Design - Hardware and Building in 2016.

The Australian Good Design Awards are one of the longest standing design awards in the world, with the aim to recognise and reward excellence in design, innovation and creativity at a national and international level.

Caroma is proud to receive this recognition, as Dr Steve Cummings, Director of Innovation, explains, "We're moving into the next generation of products and Caroma Cleanflush® is definitely leading the way. It's great to be rewarded for what we have achieved already."

Why Caroma Cleanflush® is different

Caroma Cleanflush® is superior to other rimless toilet brands, due to the patented designed bowl which provides a more powerful and effective flush.

The unique design of Caroma Cleanflush® removes the rim of the bowl, eliminating the traditional closed flushing rim and making all interior surfaces of the bowl more accessible than ever so there is nowhere for germs to hide. Complementing this is our high performance Cleanflush® flushing technology. The more powerful and precise flush stream enables a superior solution in clearing the bowl.

The result is the most effective, easy to clean and hygienic toilet yet, superior flushing performance.

- Designed and engineered in Australia
- Patented flow balance technology
- Available in AS1428.1 2009 accessible and ambulant compliant toilet suites, ideal for hospital, aged care and commercial applications
- WELS 4 star rated, 4.5/3L (3.5L avg/flush)

effectively clears the bowl

HYGIENIC RIMLESS BOWL
Makes cleaning quick
and easy

Case study: Nightingale 1

Nightingale Housing is leading a housing revolution in our cities by facilitating the construction of multi-residential buildings that are financially, socially and environmentally sustainable.

Located in Brunswick, Melbourne, Nightingale 1 is an apartment building with a difference. Each residence in the building has been designed with 100 per cent fossil fuel-free building operations with a minimum 7.5 star NatHERS thermal rating including features such as recycled timber, mid-steel light fittings and solar roof panels. This award-winning sustainable building was built using the ground-breaking sustainability principles of the Nightingale model.

Caroma proudly aligns with the sustainability principles championed by Nightingale Housing, and we were honoured to have been selected to collaborate on this project, as the sole supplier of superior toilet technology.

Nightingale chose our unique Caroma Cleanflush® toilets to feature in each of the 20 apartments in their landmark development, due to our common drive, desire and ingenuity to create homes without compromise, and also a model for housing that has a significant local and global impact.

Recently Nightingale Housing has won a raft of awards for this project, including the prestigious Victorian Premier's Sustainability Award. Apart from the initial Nightingale 1 development, there are currently 11 other Nightingale projects currently under development in Melbourne and Perth.

Cleanflush® complete range solution

Caroma is the leading Australian supplier of bathroom and kitchen products for households and commercial premises, renowned for our modern designs and tireless dedication to conserving water through innovation and ongoing technology.

Caroma Cleanflush® is designed to be part of a collection. The toilet suite you select will seamlessly combine with our wide range of bathroom ware that will help create your bathroom sanctuary.

Cleanflush® technology is available in a range of toilet styles:

INVISI WALL FACED TOILET SUITES (BEHIND THE WALL/CONCEALED)

The toilet pan sits on the floor and is connected to a cistern concealed inside the wall cavity, ceiling or under counter.

INVISI WALL HUNG TOILET SUITES (BEHIND THE WALL/CONCEALED)

The toilet pan sits off the floor and is mounted directly to the wall and connected to a cistern concealed inside the wall cavity, ceiling or under counter.

WALL FACED TOILET SUITE

The toilet pan sits flush to the wall with the cistern mounted directly on top.

CLOSE COUPLE TOILET SUITE

The toilet pan sits on the floor with the cistern mounted directly on top, leaving a small gap between the pan and the wall.

Inspired by the emerging fashion of modern Australia, our Caroma Vogue Collection represents the best of Caroma's leadership in bathroom design and is sure to make a statement in any home.

Creating your own home has always been part of the Australian dream; the opportunity to design a unique space that both complements and elevates your individual style. The Caroma Vogue Collection will provide you the freedom to create your dream bathroom; one that enables an experience of personal luxury through customising key design elements.

The collection proudly represents fashionable Australian styles, made from the highest quality materials and incorporates the latest in sustainable innovations.
