URBANE II

BATHROOM COLLECTION
Inspired by the emerging fashion of modern Australia, our Caroma Vogue Collection represents the best of Caroma’s leadership in bathroom design and is sure to make a statement in any home.

Creating your own home has always been part of the Australian dream; the opportunity to design a unique space that both complements and elevates your individual style. The Caroma Vogue Collection will provide you the freedom to create your dream bathroom, one that enables an experience of personal luxury through customising key design elements and durable colour finishes.

The collection proudly represents fashionable Australian styles, made from the highest quality materials and incorporates the latest in sustainable innovations.

“With its extensive range of considered and functional products, our Urbane II Collection has everything you need to create your perfect bathroom sanctuary. Combined with a palette of durable colour finishes, the collection can be tailored to suit your very own personal style.”

- Luke Di Michiel, Caroma Industrial Designer
Our Caroma Urbane II collection sets a new benchmark in contemporary Australian design. Combining refined thin-edge details and a considered design language, this extensive bathroom collection includes tapware, showers, accessories, basins, baths and toilets.

Available in a beautiful and highly durable palette of 5 colour finishes, the collection can be tailored to suit a range of styles and tastes, making it our most customisable Caroma collection yet.

The collection features Caroma EasySwitch, the universal in-wall body system that gives you ultimate flexibility. The in-wall mixers have unique flexibility in that the trim kit, colour finish and design can all be interchanged pre or post installation—eliminating costly hold ups as well as allowing you to quickly and easily update the design, colour and style without costly rectification work. Trim kits are available in 5 colour finishes with 2 wall flange options—rectangular and round.

Did you know... THAT THE URBANE II COLLECTION IS FULLY INTERCHANGEABLE WITH THE LIANO II TAPWARE COLLECTION? These collections utilise the same universal in-wall body, allowing you to mix and match between collections, meaning even more customisation when it comes to personalising your bathroom.
The Urbane II Collection allows you to truly express your individual personality. Featuring both round and square styles, the collection offers a beautiful and highly durable palette of 5 colour finishes, allowing you to customise your bathroom to your unique style and taste from the taps and showers, right down to the robe hook and toilet hinges.

UPDATE
Baths

Our Urbane II baths feature a seamless, thin-rim design, complete with an offset waste for a comfortable bathing experience. Available in a luxurious free-standing or practical space saving back-to-wall style. Baths are available in a range of sizes to fit your bathroom needs.
Toilets

Our Urbane II Collection of toilets have a contemporary low-profile design to match the Urbane II basins, baths, showers and tapware.

Urbane II toilets feature Cleanflush® technology, our most effective and hygienic toilet. Our patented design features revolutionary rimless technology that delivers the next generation of toilets; easy to clean and water efficient with superior hygiene.

In addition, toilets have added GermGard® antimicrobial protection and have the option of coloured seat hinge caps for a consistent look across your bathroom.

GermGard® protection is a unique antimicrobial formula which kills harmful bacteria. This technology not only helps prevent the spread of nasty germs, it makes cleaning easier. Now available on our Urbane II toilet seats.

WELS 4 Rated, 4.5/3 (3.5L average flush)

To achieve WELS 4 star rating these cisterns should be installed with the Urbane II WFCC Pans.
Revolutionary Rimless Flush Technology

Caroma Cleanflush® is a unique rimless design that delivers the next generation of toilet innovation. Our patented flow-balancing technology is poised to become the new standard in modern toilets. With over 75 years of experience, we are leaders in Australia and New Zealand design and innovation on the global stage. Amongst our many water conserving successes are the first Smartflush and later Dual Flush toilets. Our latest evolution of the toilet is Caroma Cleanflush®, which represents the next generation of modern toilets - easier to clean, and delivers superior hygiene.

Caroma Cleanflush® technology is available in a wide variety of designs and styles to suit any bathroom design, with the reassurance of a reduced footprint on the Australian environment.

FLOW SPLITTER
Powerful flush for whole bowl clean

FLOW CHANNELS
